### **DETAILED ACTION**

1. Applicant's amendment filed on 7/6/07 has been fully considered and made of record. Pending claims 5-6.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claim 5 as best understood is rejected under 35 U.S.C. 102(b) as being anticipated by Masahito JP 2001045599. (see prior Rejection, paragraph 9)
4. In an alternatively, claim 5 as best understood is rejected under 35 U.S.C. 103(a) as being unpatentable over Masahito JP 2001045599 in view of applicant admitted prior art APA (see Figs. 3-5, and the discussed at pages 1-2) see prior Rejection, paragraph 10.

### ***Response to Arguments***

5. Applicant's arguments filed on 7/6/07 have been fully considered but they are not persuasive.

a) The amendment to the claim languages has overcome the 112 rejections.

The prior art:

b) Applicant argues that Masahito does not disclose or suggest providing a voice coil insertion jig having an insertion part and a plurality of movable pieces that define an

outside diameter that *is larger than an outside diameter of the insertion part*, and a central boss provided above a center of an upper surface of a base, etc (see "Remarks" page 6). The Examiner respectively disagreed because the Masahito JP 2001045599 as shown in Figs. 2 and 4 that depict the Jig having moving part as 39 that that define an outside diameter that *is larger than an outside diameter of the insertion part, etc* as required by the present's claim 5. For reason above, claim 5 is again and FINALLY REJECTED by Masahito JP 2001045599 and APA.

c) This application contains claim 6 (product by process claim) drawn to an invention nonelected. A complete reply to the final rejection must include cancellation of nonelected claims or other appropriate action (37 CFR 1.144) See MPEP § 821.01.

### **Interviews After Final**

6. Applicants note that an interview after a final rejection will not be granted unless the intended purpose and content of the interview in presented briefly, in writing (the agenda of the interview must be in writing). Such an interview may be granted if the examiner is convinced that disposal or clarification for appeal may be accomplished with only nominal further consideration. Interviews merely to restate arguments of record or to discuss new limitations which would require more than nominal reconsideration or new search will be denied. See MPEP 714.13 and 713.09.

### **Conclusion**

Art Unit: 3729

7. It is noted that any amendment made to the disclosure and the claims. Applicant requires to point out the support provide numeral references to the claimed limitations as well as support in the disclosure (i.e., page and line numbers and reference number associated with from the drawings) for better clarity (See 37CFR 1.111 and section 2163.06 of the MPEP).
